# DAC Beachcroft strengthens role with Association of British Insurers as its Motor and Liability 2016 Partner and Headline Sponsor of its Motor Conference 2016

*Published 12 February 2016*

International law firm DAC Beachcroft is delighted to announce its headline sponsorship of the Association of British Insurers (ABI) Motor Conference 2016. The firm has also confirmed its position as the ABI's Motor and Liability partner for 2016.

As Motor and Liability partner, DAC Beachcroft will continue to work in close collaboration with the ABI, participating throughout the year on industry thought leadership round tables and contributing to the content and focus of ABI Motor & Liability events.

The motor conference, which DAC Beachcroft has sponsored since 2013, is widely acknowledged to be the insurance industry's premier motor knowledge and networking event. This year, it takes place on Tuesday 18 October at the Grange Tower Bridge Hotel in London. A number of very senior political figures and industry opinion-formers will be speaking.

Craig Dickson, CEO of DAC Beachcroft Claims Solutions Group, comments: "As the ABI's Motor and Liability 2016 partner, we are very excited to be working so closely with the ABI on both its highly respected motor conference and other events and campaigns during the year.

"The motor insurance industry continues to be the subject of increasing political and public interest, given the significant personal injury reforms and other legal changes under way. DAC Beachcroft strongly supports the Government's whiplash reform programme and has been actively involved, both through the work we do to support our insurer and commercial clients and through our close working relationship with the ABI. We will continue to work with the industry to ensure the proposals come to fruition. The ABI motor conference, and other events during the year, will provide perfect platforms for debate and discussion on how these major developments can be made to work to the benefit of all consumers."
